J5 Peruvianus

A rare clone in the USA, imported from Gussy in Australia. This one gets extremely glaucous with thick spines. This clone originates from Jim Hall of Cactus Country.

JNG29.2406m "OldMan"

Matucana Pachanoi

JNG29.2406m. "OldMan" from Cacachaqui, Matucana. This clone was legally obtained from Eastern Matucana in "Cacachaqui", with USDA import permits and permission from a local "Old Man" with a huge smile. Obtained by JN and GH
