J

J5 Peruvianus

A rare clone in the USA, imported from Gussy in Australia. This one gets extremely glaucous with thick spines. This clone originates from Jim Hall of Cactus Country.

J

JNG29.2406m "OldMan" Matucana Pachanoi

JNG29.2406m. "OldMan" from Cacachaqui, Matucana. This clone was legally obtained from Eastern Matucana in "Cacachaqui", with USDA import permits and permission from a local "Old Man" with a huge smile. Obtained by JN and GH
